

## Texas Division of Emergency Management State Situation Report

---

### New Information in Blue Text

<b>Event Name</b>	23-0017 15Jun Severe Weather
<b>Date</b>	June 24, 2023
<b>Time</b>	10:00 AM
<b>Operational Period</b>	8:00 AM June 23 to 8:00 AM June 24, 2023
<b>Report Number</b>	9

Regions Affected	
<b>TDEM Regions Affected</b>	1 & 5
<b>DCs Active</b>	1, 4B, 5, 6, 22

**STATEWIDE CURRENT SITUATION:** On June 23, Governor Greg Abbott today [updated the state's disaster declaration](#) to include additional Texas communities impacted by damage to homes and businesses caused by severe weather. This disaster declaration will continue to support response and recovery efforts by local and state officials in 23 Texas counties, including two added today: Montgomery and Leon counties.

"From the Panhandle to the Pineywoods, Texans across the state have withstood severe weather impacts over the last month and continue to show true Texas grit in recovering and rebuilding their communities," said Governor Abbott. "We continue to include additional counties to the state's disaster declaration, like I did today, to help ensure Texas' response supports all impacted Texans and communities. As we request damage assessments to determine the state's eligibility for federal disaster assistance, we remain in close collaboration with state and local partners to deploy any additional resources needed to help Texans recover."

[Read the Governor's updated disaster declaration.](#)

In response to a severe weather pattern that began in late May and has brought heavy rainfall, flash flooding, damaging wind, large hail, and tornadoes to communities across the state, the Texas State Operations Center remains at Level II (Escalated Response) at the Governor's direction to support requests for assistance from local officials.

Flooding began to impact counties in the Texas Panhandle, High Plains, and South Plains on May 27, causing widespread damage throughout the region. Governor

Abbott issued a disaster declaration to address the impacts of flood damage to homes, businesses, and the agriculture industry. The Governor also directed TDEM to deploy the following state emergency response resources to support flood response operations:

- **Texas A&M Engineering Extension Service (Texas A&M Task Force 1):** 2 Swiftwater Boat Squads.
- **Texas A&M Forest Service:** 2 Texas Intrastate Fire Mutual Aid System Strike Teams comprised of High-Profile Vehicles and 2 Boat Teams.
- **Texas Department of Transportation:** Personnel to assist with traffic control and road closures.
- **Texas Parks and Wildlife:** Game Wardens and Boat Squads.
- **Texas Department of Public Safety:** Helicopters with hoist capability.
- **Texas A&M Engineering Extension Service (Public Works Response Team):** Personnel to support flood pump operations.
- **Texas National Guard:** 2 Ground Transportation Platoons with High Profile Vehicles.
- **Texas Commission on Environmental Quality:** Air/water/wastewater monitoring.
- **Texas Animal Health Commission:** Personnel to provide livestock support.

This weather pattern continued to impact the state, as severe thunderstorms brought large hail, damaging wind, and tornadoes to multiple Texas communities over the past few weeks. Governor Abbott directed TDEM to deploy state emergency response assets to the town of Perryton immediately following a devastating tornado in Northwest Texas. Additionally, the Governor issued a state disaster declaration for communities in Northwest and Northeast Texas impacted by damaging winds and severe storms that caused significant damage to electricity infrastructure. On Saturday, following severe storms and tornadoes in Ochiltree and Cass counties, Governor Abbott held a briefing with state and local officials in Perryton where he provided an update on the state's ongoing response and recovery efforts.

On Sunday, the Governor provided an update on the state's ongoing response to severe storms. Governor Abbott updated the state's disaster declaration on Monday to add East Texas communities that suffered severe weather impacts and significant damage to electric infrastructure across the region, as local electric providers worked around the clock to restore power. Additional assets were deployed on Wednesday, and additional counties were added to the disaster declaration as impacts of the severe weather continued. Following severe storms and

tornadoes causing damage to Matador and counties in the South Plains and Big Country regions, the Governor directed TDEM to mobilize additional response and recovery resources, and he added six Texas counties to the disaster declaration yesterday.

The following state resources remain engaged to support severe weather response and recovery operations across the state:

- **Texas Department of Transportation:** Personnel and heavy equipment for roadway debris clearing, traffic control, and sign and signal repairs.
- **Texas A&M Engineering Extension Service (Texas A&M Public Works Response Team):** Personnel and equipment to support utility, water, and wastewater treatment needs, support electricity infrastructure repair efforts, and operate the state resource staging area in Perryton.
- **Texas A&M Forest Service:** Texas Intrastate Fire Mutual Aid System Strike Teams, tactical water tenders, Incident Management Teams to support local firefighting capability and points of distribution, and Saw Crews.
- **Texas Division of Emergency Management:** Emergency management personnel to support local emergency operations centers, food storage and hot meal distribution, and to coordinate the establishment of Points of Distribution (PODs) across the impacted counties for members of the community to pick up water, ice, and Meals Ready to Eat (MREs); Operations Technology personnel to support resource needs; Response and Recovery personnel to conduct damage assessments and coordinate requests for assistance; activated state disaster contracts for emergency resource transportation and fuel for generators; coordination of cellular connectivity for first responder communications; State Mass Care Coordination; base camp operations to house responding crews; and a resource staging area to support impacted jurisdictions.
- **Texas Department of State Health Services (Texas Emergency Medical Task Force):** Mobile Medical Unit to support local hospital operations, Medical Incident Support Teams, ambulance buses, and ambulances supporting local hospitals, nursing homes, and emergency medical services.
- **Texas Health and Human Services Commission:** Utilizing contracts for local ice and water needs.
- **Texas A&M Engineering Extension Service (Texas A&M Task Force 2):** Search and Rescue Teams.
- **Texas Parks and Wildlife Department:** Game Wardens assisting with supply delivery and security in affected areas.
- **Texas Commission on Environmental Quality:** Personnel and equipment to assist with air/water/wastewater monitoring.

- **Texas A&M Agrilife Extension Service:** Disaster Assessment and Recovery Agents to assist with damage assessments and County Extension Agents supporting disaster needs assessments.
- **Public Utility Commission of Texas:** Working with utility providers to send additional crews to impacted areas to repair damaged electric infrastructure.
- **Texas Department of Public Safety:** Texas Highway Patrol providing security at points of distribution and Driver License Disaster Recovery Unit providing driver licenses at the Community Resource Center in Perryton.
- **Texas National Guard:** Personnel and high-profile vehicles for movement of emergency supplies and to support points of distribution and resource staging areas.
- **Texas A&M Veterinary Emergency Team:** Providing support to local veterinary services in impacted communities.
- **Texas Animal Health Commission:** Field personnel assisting with livestock hydration.

This week, the Governor directed TDEM to request joint disaster damage assessments with the Federal Emergency Management Agency (FEMA) and the U.S. Small Business Administration (SBA) to determine the state's eligibility for federal disaster assistance for Texans whose properties were affected by flooding and severe weather. These damage assessments are in process and state personnel are working alongside federal and local response and recovery personnel to quickly determine whether these damages meet the federal threshold requirements for various forms of federal disaster assistance for impacted individuals and communities. Impacted Texans are encouraged to report storm damage using TDEM's [Individual State of Texas Assessment Tool \(iSTAT\)](#) self-reporting damage survey to assist emergency management officials identify resource needs and determine the state's eligibility for various forms of federal disaster assistance. The survey is available in English and Spanish online at [damage.tdem.texas.gov](https://damage.tdem.texas.gov).

Additionally, with another round of severe storms in the forecast for the northern part of the state today, Texans are encouraged to remain weather aware and monitor local weather reports.

Extreme heat remains an ongoing threat, and Texans are urged to implement measures to stay safe in triple-digit temperatures. A list of cooling centers opened by local officials is available at [tdem.texas.gov/cool](https://tdem.texas.gov/cool).

[Read the Governor's updated disaster declaration.](#)

## **OPERATIONAL PRIORITIES:**

1. Protect life and property.
2. Support rapid & effective response.
3. Collect and disseminate accurate incident information to improve decision-making.
4. Accurately track incident costs associated with assigned resources for cost recovery.

### **Region 1 (Includes DDCs 4, 5, 6, and 22)**

All TDEM Region 4 Personnel that responded to Region 1 arrived and activated on Wednesday, June 21.

**DDC 5 – Mt. Pleasant** (Includes: Bowie, Cass, Delta, Franklin, Hopkins, Lamar, Morris, Red River, and Titus Counties) Activated at Level II

**Cass County:** TDEM has coordinated with local officials and Voluntary Organizations Active in Disasters (VOAD) to undertake disaster assessments of the damaged areas. [A Point of Distribution \(POD\) has been established at the city of Hughes Springs City Hall.](#)

**Franklin County:** POD location is being supported with local assistance and the Texas Military Department (TMD).

**Hopkins County:** Hopkins County submitted a disaster summary outline (DSO) on June 20.

**Morris County:** Morris County leadership continue assessing needs, currently working issues related to patrolling the POD site and the city of Lone Star area. There are three lift stations operating on generator power. [A water line in Lone Star that had been previously repaired broke again, water had to be shut off and is currently being repaired.](#)

**Titus County:** The Titus County Judge issued a disaster declaration on June 17. [All cooling stations in Titus County closed on June 23.](#)

**DDC 6 – Tyler** (Includes: Anderson, Camp, Cherokee, Gregg, Harrison, Henderson, Marion, Panola, Rains, Rusk, Smith, Upshur, Van Zandt, and Wood Counties) The DDC EOC is activated at Level III

**Camp County:** POD site: 313 Broach Street, Pittsburg, Tx (Junior High Campus) [Camp County submitted a Disaster Declaration Extension on June 23. POD site will close at 6:30 PM on June 24.](#)

**Gregg County:** [POD Site closed at 2:00 PM on June 22.](#)

### **Harrison County:**

- POD site: Marshal Convention Center-[POD site closed on June 23.](#)
- POD site: Waskom Fire Station-[POD site is scheduled to close on June 24.](#)

**Marion County:** POD site is scheduled to close on June 25, if power is restored on June 23.

**Panola County:** POD site: Community Four Fire Station - 254 CR 3151, DeBerry. Panola County submitted an amended Disaster Declaration on June 23. Coordinating with the Texas Commission on Environmental Quality (TCEQ) to establish a debris burn site.

**Rusk County:** Numerous intersections are being reported as traffic signals being inoperable due to power loss. TAMFS Saw Team has been verbally requested to assist with debris clean up and clearing roads and utilities.

**Smith County:** The city of Winona has issued a Boil Water Notice due to not enough power at treatment plant to maintain pressure.

**Upshur County:** POD site closed on June 23.

**Wood County:** Two POD sites were established in Wood County, and both are scheduled to close on June 24.

- POD site: Hawkins Fire Station - 389 Blackburn St, Hawkins, TX 75765
- POD site: Farmer's Market - 200 E Carnegie, Winnsboro TX 75494

## **Region 5 (Includes DDCs 1, 2, 3, and 7)**

**DDC 1 – Amarillo** (Includes: Armstrong, Briscoe, Carson, Castro, Childress, Collingsworth, Dallam, Deaf Smith, Donley, Gray, Hall, Hansford, Hartley, Hemphill, Hutchinson, Lipscomb, Moore, Ochiltree, Oldham, Parmer, Potter, Randall, Roberts, Sherman, Swisher, and Wheeler Counties) DDC EOC is activated to Level II.

**Motley County:** Lubbock County deployed their Mobile Command Vehicle and Communications Trailer to Matador, Motley County. The fire department's communications repeater is down due to power failure and a backup generator is enroute. A Volunteer Reception Center (VRC) and a donation collection point were established at the Morris County Show Barn.

**Ochiltree County:** Critical infrastructure such as wastewater systems are being powered by generators. Heavy rains have begun to flood the excavation of a new dump site expansion located at the dump. Two 8-inch pumps have been requested to pump out water from the trench.

**DDC 7 – Abilene** (Includes: Brown, Callahan, Coleman, Comanche, Eastland, Fisher, Haskell, Jones, Kent, Knox, Mitchell, Nolan, Runnels, Scurry, Shackelford, Stephens, Stonewall, Throckmorton, and Taylor Counties)

**Fisher County:** Submitted a Disaster Declaration on June 22.

**Kent County:** Kent County has submitted a Disaster Declaration and a Letter to the Governor on June 23.

**Stonewall County:** Stonewall County issued a disaster declaration on June 22.

## **RESPONDING STATE AGENCIES/ORGANIZATIONS REPORTS**

**Texas Division of Emergency Management, Texas A&M University System (TDEM):**

**TDEM Communications Coordination Group (CCG):** The CCG partners continue to prepare resources to support communications operations / outages that have occurred because of the severe weather.

During Thursday's storms that went through Perryton, the T-Mobile tower was struck by lightning, and was temporarily out of service. Repairs were completed early Friday morning and services were restored. T-Mobile is in the process of activating WPS and data priority on all the T-Mobile devices that were provided by their Community Support Team to the local Perryton EOC and Mayor's Office. AT&T operations in Buffalo are back on-air and in service. In the city of Lone Star, Morris County, there was a cellular outage impacting Verizon customers. A technician and generator have been dispatched and repairs are underway.

Texas Association of Broadcasters (TAB) is monitoring current situations and has confirmed the EAS Local Primaries (LP1 And LP2) are operational. Confirmation was also given that the local AM/FM station in Perryton is fully operational.

### **TDEM Mass Care:**

**State Volunteer Agency Liaison (VAL):** TDEM has 213 cooling centers across the state and can be found on the TDEM website at: [www.TDEM.Texas.gov/cool](http://www.TDEM.Texas.gov/cool)

Incident Support Task Force (ISTF) staff demobilized (3) personnel in Region 5, and two personnel from Region 1 on June 23. 3,000 meals were served in Perryton. 2,550 meals were served in Region 1, the last meal to be served will be dinner on Saturday, June 24. The ISTF staff continue to support locals Northeast Texas, with damage assessments, volunteer/donation management.

**TDEM Recovery:** TDEM Recovery is monitoring damage submissions in iSTAT and pSTAT.

As of 8:00AM Friday morning, there were a total of 2,084 iSTAT submissions with 353 of those reported as destroyed, 456 as major, 521 as minor, and 754 as affected. Additionally, 16 damage submissions have been reported in pSTAT from the city of Perryton with a cost estimate greater than \$5 million.

Affected Texans are being encouraged to self-report any property damage as soon as possible. Texans seeking to submit a damage survey should visit [www.damage.tdem.texas.gov](http://www.damage.tdem.texas.gov). Sharing pertinent details and photos of damage will

assist emergency management officials in the preliminary damage assessment process.

As a reminder, reporting damages using the iSTAT or pSTAT is a voluntary activity, is not a substitute for reporting damage to your insurance agency and does not guarantee disaster relief assistance.

**Texas A&M AgriLife Extension (AgriLife):** Six DAR and CEA Strike Team members continued conducting damage assessments in DDEOC 5. Two DAR agents continued providing DDEOC support to DC5 and DC6. DDEOC 6 DAR Agent demobilized at the end of shift June 23. Texas A&M Veterinary School (TAMU VET) and DAR support team are demobilized and travelling from Perryton back to home base in College Station. A STAR was received and approved for up to three Extension Agent/DAR Strike Team members to assist with managing donations in Matador. They will begin work on Monday, June 26.

**Texas A&M Engineering Extension Service (TEEX) – Public Works Response Team (PWRT):** In Region 1 the city of Lone star, a 6 inch water main had a collar fail on the creek crossing section late yesterday and it may be Monday before they can pull bac-t samples. DeBerry well systems – two are on grid power with a third one on a generator. All water systems have water and there may be some bac-t sampling underway to get them off their boil water notices. Again, if those samples have not been collected by June 23, it may be Monday before they are collected.

Wastewater plant clarifier repairs in Lone Star are being completed. The plant has two clarifiers and is functioning on one clarifier. Breaker panel replacement parts should arrive on June 23, and that repair should take one day to complete.

In Region 5 portable pumps should arrive on June 23, to start pumping out the new landfill cell. Pumping will take an estimated 24-36 hours to complete dewatering operations. Once that task is complete, the contractor will complete excavation of the new cell. The excavation process is expected to take 3 - 4 days.

**Texas A&M Forest Service (TAMFS):** TAMFS, TIFMAS, and AHIMT Resources are engaged and supporting Perryton, Matador, and TDEM Region 1.

Region 1: One Incident Management Team is assigned to TDEM Region 1 to assist with Commodity Distribution, Mobilization Center, and resource tracking of state resources across the region. Two TIFMAS Strike Teams are on scene at the Pittsburg ICP. Two TIFMAS Water Tenders have moved to the Pittsburgh Mobilization Center. Three TIFMAS Engines are assigned to Matador. Two TIFMAS Engines are assigned to Perryton. All resources aware of and preparing for additional severe weather that may impact the area.

Region 5: One Incident Management Team is on site at Perryton to assist with IAP development, resource management, and establishment of incident objectives from the local stakeholders. One Incident Management Team is assigned to Matador to

assist with IAP development, resource management, and establishment of incident objectives from the local stakeholders.

**Public Utility Commission of Texas (PUC):** Overnight Friday, significant progress on restorations was made, as of 9:30 AM, statewide outages were down to 60,000. By Noon on June 23, ~50,000 outages around the state were centered primarily in Houston Metro. CenterPoint outage totals nearly 36,000 and are expected to make strong progress through the afternoon and evening. Outside of Houston, SWEPCO outages dwindled to fewer than 2,200 in the Northeast of the state. These remaining outages are spread throughout the area of Harrison, Gregg, and Panola counties. SWEPCO has restored more than 95% of its customers following the severe weather events. ONCOR and AEP Texas have largely completed restoration efforts throughout their service territories and are working to complete small numbers of scattered outages. By 2:30 PM, statewide outages totaled nearly 44,000, with ~33,000 of these within CenterPoint service territory.

**Texas Animal Health Commission (TAHC):** TAHC livestock inspectors remain in contact with local officials onsite and ready to provide support where needed, as assessments continue. ESF-11 is maintaining situational awareness and will continue communicating with partner support agencies to address any reported unmet needs. The TAHC SOC Representative is participating in weather calls, monitoring WebEOC, submitting situational reports, and attending all necessary meetings. No unmet animal needs for pets or livestock have been reported. All known animal issues are being handled locally.

**Texas Commission on Environmental Quality (TCEQ):** TCEQ continues to have staff available to respond to drinking water and wastewater issues. Staff are also available to provide technical assistance on temporary debris management operations and review and approve temporary debris management applications.

TCEQ is tracking six drinking water systems that are on a Boil Water Notice (BWN).

TCEQ has approved four temporary debris management sites (TDMS).

**Texas Department of Housing and Community Affairs (TDHCA):** TDHCA staff and TDHCA-funded community action agency (Panhandle Community Services) both serving at Perryton Community Resource event on June 23-24, 2023, at Perryton High School. Assisting storm victims with filling out applications for assistance with food, gas, clothing, lodging, and rental assistance. Assisting storm victims with hygiene kits, toiletries, and other health services incidentals.

**Texas Department of Public Safety (DPS) Texas Highway Patrol (THP):** Troopers continue to conduct moving patrol efforts throughout the affected areas to prevent theft and looting. THP is assisting at several roadblock areas. DPS Troopers are also escorting the power companies into the area. Law enforcement will focus on anti-theft prevention and area security through the night hours.

DPS personnel responded to the city of Matador due to the touchdown of a tornado. DPS personnel include seven THP Troopers, one Sergeant, and one Lieutenant. From the Criminal Investigations Division (CID) nine Agents, one Captain. DPS personnel conducted status checks and assessments of damage.

**Texas Department of Information Resources (DIR):** DIR is continuing to monitor the situation. No request for network or technology has been made at this time.

**Texas Department of State Health Services (DSHS): Emergency Medical Task Force (EMTF):** As of June 23, - EMTF in Perryton, NE TX, and Matador has had total of: 1,066 encounters, 174 treatments, and 147 transports.

As of 3:00PM June 21, DSHS regional offices are coordinating with local and regional partners to maintain situational awareness and coordinate local resources when available. Coordination with HHSC is ensuring visibility of impacts to long-term care facilities, vulnerable populations, and ESRD facility status.

Other facilities impacted in the Panhandle and NE TX by power outages and minor flooding issues:

Panhandle/Matador: Two Nursing Facilities Impacted: Matador and Kent County has one each facility running on generator power. Power has been restored to both facilities as of June 22, and back to normal operations. Four Intermediate Care facilities impacted: one in Fisher County remains without power. The facility is operating on generator power as of June 23. The generator is powering lights and portable AC units. All residents have returned to the facility. A surveyor will be onsite for monitoring.

Northeast Texas: 25 Nursing Facilities impacted. One remains on generator power. Whispering Pines Nursing home is operating on dual generator support. The facility is monitoring temperatures and they are holding steady. Power was restored at 9:00 am on June 23, but will be leaving generators connected for few hours to ensure electrical grid is stable. Surveyors are on site continuing to monitor temps. 15 assisted living centers were impacted, one remains on generator power. Surveyors are visiting one facility they have not been able to contact and scheduled a time for a visit Friday.

**Texas Department of Transportation (TxDOT):** Currently across the state, five roads are impacted by water with one closed due to high water across the roadway. TxDOT operations in Regions 1, & 5 have focused on clearing debris and trees from road and Right-Of-Ways. Crews have stood down for this week and will resume operations on Monday. TxDOT crews and equipment are being prepared for the surge to clean up the city of Perryton streets in the coming week. Approximately 75 pieces of equipment will be deployed on June 27. TxDOT crews in Jayton, Matador, and Roby cleared debris, downed trees, and provided traffic control. TxDOT Rail Division has been on site in Powell and reports the rail line is repaired including grade crossings

at the city of Powell. SWEPCO Transmission line in Marshal over IH 20 has been reinstalled. TxDOT has been providing traffic control including portable message boards to PODs / local information in Regions 1 & 5. Personnel are staffing the SOC and will support over the weekend virtually. Crews performed temporary repairs to the communication tower in Roby with permanent repairs scheduled for Monday.

**Texas Health and Human Services Commission (HHSC):** HHSC staff are actively monitoring the situation and supporting impacted community members.

Disaster Behavioral Health Coordination is working with the Local Mental Health Authority in Perryton to support impacted community members. The Family Assistance Center is operational, now with limited connectivity issues. The local mental health authority Texas Panhandle Centers (TPC) is providing a 24/7 on-call crisis assessment system and has 4 staff members onsite to provide support. First responders are receiving behavioral health services at the EXPO Center. TPC reports that the community is inundated with donations and still trying to meet basic needs and behavioral health needs. TPC has served 25 community individuals impacted by the tornado. As of 06/20/2023, the onsite FAC is operational but not fully functional due to ongoing powerline restoration issues to some of the impacted areas. The FAC is currently experiencing communications issues that they hope to resolve by close of business 6/22/23. However, staff are readily available and 2-1-1 has been engaged to support response coordination.

**Texas Information and Referral Network (TIRN)** 2-1-1 is distributing information about cooling shelters and other related resources as needed.

**Texas Military Department (TMD):** TMD has activated four Ground Support Units (GSU) with a Headquarters (HQ) Mission Ready Package (MRP), a BMNC, and one Ground Transportation Platoon (GTP) to support the severe weather response affecting the State of Texas. TMD is operating 12 Distribution Points.

**Texas Parks and Wildlife Department (TPWD):** TPWD Game Wardens have returned to normal operations and stand ready to assist if needed.

### **Volunteer Organizations Active in Disaster (VOAD)**

**Texas Baptist Men (TBM):**

**Region 1:** Gilmer/Lone Star – IMT, Asset protection, volunteer feeding, chainsaw, heavy equipment, mans-lift, box unit, shower/laundry, and support,

**Region 5:** TBM continues to support Perryton with feeding, volunteers, a shower/laundry unit, flood recovery, man-lifts, box units, chainsaw crews, heavy equipment, asset protection, and electronic support. They have activated a childcare unit for the Ochiltree Community Resource Center support.

In Matador, they've provided support with an electric service unit and generator and have deployed a shower/laundry unit. TBM has activated a childcare unit for the Ochiltree Community Resource Center support.

**American Red Cross (ARC):**

**Region 1:** ARC in East Texas continues aiding feeding operations and distributing emergency supplies.

**Region 5:** ARC has continued to assist with emergency supplies, shelter, feeding, and hydration. They are supporting the CRC this weekend. They plan to distribute emergency supplies in Matador as soon as it's safe to do so.

**Southern Baptist Texas Convention (SBTC):**

**Region 1:** Jefferson/Hardin and Cass County locations have been demobilized. In Hawkins, a shower/laundry unit with support remains and in Winnsboro a shower/laundry unit with support, utility support unit, and bunk house remain to aid the community.

**Region 5:** SBTC has continued support of Perryton with a Feeding Unit, Laundry/Shower Unit with support, 2 crew cooling trailers, an IMT, and recovery unit to aid debris operations.

**The Salvation Army (TSA):** In partnership with United Supermarkets, TSA provided food vouchers for impacted members of the community. They've also provided emotional support care (ESC) volunteers with 718 emotional support care contacts. To date 811 Meals and 815 drinks.

**Minuteman Disaster Response (MDR):** MDR deployed resources to Perryton to assist with clean-up efforts.

**Texas Search and Rescue (TEXSAR):** TEXSAR provided needed assistance with food distribution.

**Seasonal Relief Center Map:** [213](#) cooling centers have been identified across the state. Cooling center locations are available on the TDEM website at [TDEM.Texas.gov/cool](https://tdem.texas.gov/cool).

**FINAL COMMENTS:** The State Operations Center (SOC) is at Level II (Escalated Response Conditions) as of 8:00AM June 24, 2023. The Texas Division of Emergency Management (TDEM) continues to monitor the situation and will provide additional situation reports as needed.

**The four levels of SOC activation are:**

- Level I (Emergency Conditions)
- Level II (Escalated Response Conditions)
- Level III (Increased Readiness Conditions)
- Level IV (Normal Conditions)
